From one generation to another...

What keeps the spirit of Divan alive is the vision of perfection from day one. We keep on turning happy moments into unforgettable memories with the same passion and excitement.

Divan Group

Divan embarked on its journey with hotels and has since expanded its presence to major cities in Turkey and abroad, encompassing restaurants, cafeterias, and confectionery production plants.

At Divan, we manufacture over 10,000 metric tons of single pack or bulk high-quality chocolate products (pralines), Madlens, Turkish Delights and frozen bakery products annually. Our production facilities hold various certifications such as BRCCGS, ISO 9001, ISO 14001, ISO 50001, ISO 45001, FDA and Halal Certificates ensuring the highest standards of quality and compliance.

Koç Holding has always been at the forefront of embracing future trends since its inception in 1926, boasting a remarkable journey spanning over 90 years. A company that has shaped the course of business for over 90 years and stands as the only Turkish company listed in the prestigious Fortune Global 500.

"With its more than half a century of deep-rooted culture and experience, Divan's signature flavours accompany the most precious moments of your life. Divan flavours passed down from generation to generation and blended with the recipes of this land: Buttero, a buttery and crunchy snack, Krisko with its sourdough crunchy texture, Biscut with its vegetable and grain varieties, Bittero, where dark chocolate gains a crunchy form, Freeze dry, covered with dark chocolate on the outside, and Chocofresh with strawberry and plum options, Draje, with the magnificent harmony of roasted nuts and dried fruits with chocolate, and the traditional Hatay Kömbe from Hatay region with 2 different varieties as date-filled and plain, are at your side whenever you need a sweet or salty snack..."

Chocolate

Chocolate

For over 3.000 years, chocolate, like gold, has had a universal appeal. The history of chocolate is very rich, stemming from around 1100 BC with the chocolate residue found in several jars from the site of Puerto Escondido in Honduras indicating that actually the earliest use of cacao seems to have been as an alcoholic beverage. The secret of exclusively prepared Divan chocolate stems from a history of more than 50 years. Chocolate, with a history from the Mayans, gets its final touch at the skillful hands of Divan's confectionery chefs. Divan chocolate, a harmony of various tastes, has always been synonymous with prestige and luxury. Additional to its local, seasonal and traditional tastes, you can also experience a modern touch at Divan, where each and every bite is a different journey.

Turkish Delight

Turkish Delight

Turkish Delight, for more than 500 years, has been a favourite of royalty from the shores of the Bosphorus to the banks of the Thames and today it continues to delight palates around the world with its unique exotic flavour.

This rich heritage is captured in every succulent morsel of Divan's authentic Turkish Delight, known in Turkey as "lokum rahat", or "contentment of the throat". As the world's premier producer of this uniquely satisfying delicacy, Divan carries on a gourmet tradition that stretches back to the 15th century. Our line of Turkish Delight includes more than a dozen varieties ranging from classics like pistachio, rose&lemon and date to more adventurous varieties including pomegranate& pistachio, almond and mint. And if you have a weakness for chocolate, our chocolate coated pistachio and chocolate-coated rose are sure to appeal.

Whichever variety you choose, our master confectioners' creations are guaranteed to delight the sultans in you. Turkish Delight by Divan is also a perfect gift, available in exclusive gift boxes in a range of sizes featuring modern interpretations of historic Selcuk Turkish motifs, as well as in more contemporary gift tins that put a post-modern spin on this traditional delicacy.
